

### Some final notes

1. I will have Exam 5 available for you to pick up on Friday at the latest. I will send an e-mail when I have finished grading the exam.
2. Our final exam is scheduled for 4:00-6:00 pm on Tuesday, May 11 in our usual classroom.
3. You can bring one page (standard notebook size) of notes to use on the final. You can use both sides of the page. Magnifying devices will not be allowed.
4. The final exam will be comprehensive for the course. The basic material on vectors in Chapter 9 will be covered indirectly through the way vectors are used in the later material.
5. Some time on Thursday, I will make a list of objectives available on the course web page.
6. I will update the data for the on-line score check after grading Exam 5 and after grading the final exam.
7. I plan to finish grading the final exam by the end of finals week. I will send out an e-mail when I have done so and updated the data for the on-line score check. If you want to pick up your final exam, you can send me e-mail to make arrangements. I will keep your final exams through the fall semester so you can pick yours up next fall if you want.
8. Here is my schedule for the next few days:

Thursday, May 6	8:00-10:00 am	Available for appointments
	11:00-noon	Office hour
	1:00-2:00 pm	Available for appointments
